# Beginner Driving Clinic

---

## *Join us for a hands-on introduction to Horse & Carriage Driving*

Meet a variety of horses from minis to draft crosses with the different carriages they use from a simple 2 wheel buggy to a 4 wheel wagonette. Followed by a demonstration of dressage and a cones course. Time to get to work learning to harness, ground drive and hook the horse to a cart focusing on safely working around these large animals. After you have mastered your skills it's time to take the reins and drive a horse. Before that we will have lunch and a safety review.
